FOREIGN STUDENTS and Advisors for the summer session of the Foreign Institute.

RICHMOND, VA., (Special) — Most important characteristic of a good roommate, say college students is consideration.

## Foreign Language Lauded As National Success

### Two Foreign Students Remain After Summer Session

Doubtless everyone at GSCW has heard of the Foreign Language Institute located in what used to be Mayfair dormitory, but how many of us realize what an advance it is for our school, and what a finely organized, capable institution it is?

The Foreign Language Institute was established last March under a staff consisting of Mr. S. C. Mangiatico, Miss Gloria Vicedomini, and Miss Emily Trapnell of Milledgeville. Under their guidance, the Institute has been officially recognized by the U. S. Office of Education as the official center for English and Orientation for foreign students in the southeast. A number of neighboring schools plan to send their foreign students to us from now on.

A workshop was held at the Institute last summer lasting five weeks. There were three students from Maracaibo, Venezuela, and four students from Cuba. One of these was a teacher of English in Cuba who came for a refresher course.

Of these students, four came with practically no knowledge of English, but after five weeks they could speak quite fluently. Through vocabulary classes, teaching of pronunciation by songs, and supervision of lab work, and active vocabulary of 2,500 words, and a recognition vocabulary of 5,000 words was achieved. Proof of the fluency achieved is Miss Georgina Martinez, a present student in this school.

The Institute students worked 15 hours a day, including Saturday, using the laboratory method which is based on audio-visual methods. With wire, tape, phonograph recordings, and other audio equipment, phrases and sentences from radio programs, etc., can be slowed up so that the student may easily repeat them as often as necessary. His repetition of them is recorded, and he and the instructor analyze them.

The students received a very pleasant impression of Milledgeville during their stay. They were invited to homes of the townspeople, and to the churches; and they were invited to speak at various Rotarian activities. They were made to feel very welcome, and they expressed a hope to return.

At the present, the Institute has a student from Germany, Bernard Steiner. They expect to have another session in the spring which will last the entire quarter, and in the summer, they plan to have a large double session. Each of these will last five weeks.

Advisory committee for the Institute is composed of Dr. D. H. MacMahon, administration; Dr. J. C. Bonner, history; Dr. D. F. Folger, education; Maniatico, languages; and Dr. Rosa Lee Watson, English.

### College Theatre To Present Play Thursday-Friday

"Hayfever" by Noel Coward is to be presented by the GSCW College Theatre, Thursday and Friday nights at 8:30 in Russell Auditorium.

The cast includes Joan Faulkner, Monticello; Darrell Tumlin, Macon; Betty Campbell, Atlanta; Nona Bennett, Atlanta; Joanne Jarred, Washington; Jack Gore, associate professor of speech; Frank Kaler, GMC professor; Joe Specht, associate professor of business administration; and Bill Waldauer, GMC cadet.

Born in Philadelphia of Italian parentage, Battista began winning awards at an early age. During his public school days he won a prize—first of many—in the All-Junior Contest for pianists. Later he won a scholarship for the Philadelphia Conservatory of Music. It was there that another turning point in his career was reached, for he studied with Olga Samaroff who remained his teacher guide and friend until her death in 1948.

Another big chance came a year before America entered World War II. In order to further good will between the United States and Brazil, Columbia Artists Management sponsored a contest; the reward, a trip to Brazil and a tour of the country. Joseph Battista won the prize and went to Rio de Janeiro in July 1941.

On the threshold of international recognition, the young pianist returned home. But soon after Pearl Harbor, Battista was in uniform. His return to the concert field after three years in the U. S. Army was launched in the summer of 1947. The following autumn, top critics hailed his return in recital at New York's Town Hall. Since then he has set a record of continuous success and a fast-growing reputation.

### Seniors Dance Under Harvest Moon

Members of the Senior class and their dates left the dance to the strains of Goodnight Sweetheart with their dates on Saturday night.

There was a breakfast for the girls and dates in the College Cafeteria from 12:15 until 2:00, a.m.

The first large dance function of the year for the Sanford girls brought dates from many colleges over the state, and many from out of state.

The theme of the dance was "Under the Harvest Moon," with Harry Fraser and his orchestra supplying the music. Dorothy Turner, Cahilla, was Dance Chairman and Joann Suter, Decatur, was decorations chairman.

The Senior Dance Hall in the basement of Sanford Hall was decorated with the Thanksgiving and Harvest motif throughout. Corn Shocks and pumpkins in the corners with wagon wheels, fall leaves, gourds and all other signs of the Harvest season in full regalia. The hall carried the idea with another corn shock and a scare crow leading to the Rec hall where the refreshments were served and the dancers intermissioned. The Sanford parlors were also beautifully decorated with the motif of the season.

Harry Fraser ended on the stroke of 12 telling the group he would see them June 11.

### Rec's Gem Of Information

Did you know—that if you spent last week-end at Lake Laurel you may turn in 25 Rec points. The point deadline is Monday.

## To Set The Cause Above Renown: To Love The Game Above The Prize

The title of this page presents various ideas. When one stops to analyze a word or phrase, he is often startled by his inability to express his analysis clearly and inclusively. Referring to Webster's Dictionary we found two definitions of the word sport: (1) to play, to amuse oneself; (2) a person who takes or accepts things in the spirit of fair play, as if abiding cheerfully by the rules of a game, and being a cheerful loser and a courteous winner. In competition, which of the above definitions best describes you? With Golden Slipper so near, it would be well for each of us to examine her own conception of what a good sport really is.

Many activities on our campus call for good sportsmanship, both of the individual and of the class as a whole. A purpose of Golden Slipper and Intramurals, I think we all agree, is to build class spirit by the working together of fellow classmates, but an even more important purpose is the broadening and enriching of the spirit of our "Jessie," through friendly competition among the classes.

In building this spirit, we must try, not to reap benefits for OURSELVES; but rather to accept our individual and class responsibilities in a cheerful and friendly manner. Class colors are a means of fostering class spirit. No doubt, on entering a certain class, her color immediately becomes our favorite; but this does not mean that some other class color is discarded from our wardrobe and room for four years. That would be an artificial adaptation which would be not only harmful to ourselves, but also conducive to the disregarding of the original purpose of class competition.

The tradition of this campus is FRIENDLINESS; friendliness among classes, individuals, the faculty, and among the faculty and students. This tradition must be preserved if the purpose of our campus activities is to be fulfilled. We believe that in the forthcoming activities sportsmanship, friendliness, and happiness will be in the heart of each "Jessie" for that in itself, is our definition of "Jessie"!!!

## Another Way To Earn Rec Points

Did you know that if you watched one of the volleyball games in the tournament that you may earn five Rec points. You may earn 10 points if you play, and 30 points if you officiate. Points must be turned in each Monday.

### SHELTERED

Someone has thrown a pebble into my clear, still pool. Now the waters run confusedly, This way and that. The cool, even patterns are disturbed As my peace. Amazed and shocked, I find them broken With my train of thought. In a little while, the ripples will cease And calm will come again; But the disturbing pebble, Remembrance of intrusion, Will remain.

## Sanford Designs Code For Living

We, the seniors of 1951, believe that the experience of setting up and observing our own code of conduct will be of great value to us both as students and as citizens. We feel that successful group living should be based on consideration for others and on the willingness of each individual to live according to the regulations set up by this group.

In assuming responsibility for both the academic and social areas of our lives at GSCW, we pledge ourselves to honor the standards which we have learned in the past three years are an indispensable part of college life.

We will assume responsibility for both class and chapel attendance, realizing that we must use the privilege wisely. We feel that to be absent from chapel more than five times during the quarter would not be in keeping with our resolve to uphold the standards of the school; therefore we have placed that limitation on our chapel attendance.

In our social lives we will govern ourselves with integrity. We feel that we are ready for the privilege of riding until 11:00 p.m. with friends and dates on any night and with extension for dates until 12:00 p.m. on Friday and Saturday nights. The house council will take charge during the dating period from 11:00 until 12:00 on Friday and Saturday nights so that dormitory assistants will not be inconvenienced.

We realize that certain rules will have to be made for the good of all by the house council and head of residence, and we pledge ourselves to abide by any such regulations.

The co-operation of every individual will be necessary to insure the success of this code, and in signing our names, we pledge that co-operation.

## Drugstore After Movies?

Many Jessies have been wondering about the use of the privilege to go to the drug store after the movie. The question is which one, since they close at 8:30.

The question was brought up with Mr. Kidd at the Culver & Kidd Drug Company. Mr. Kidd is willing for the drug store to be open if the students are willing to have a trial night to see if the time that is spent by the employees is worthwhile.

He has agreed to stay open until 10:30 on Friday night and serve all the Jessies and their dates. There is no other drug store open until this hour and there is no place to get a coke and a hot dog after the movies. If the students support this plan he will consider staying open nights.

## Editor's Mail Bag:

Dear Editor:

Your college, or one of the groups within your college, has celebrated SADIE HAWKINS DAY together with 40,000 other celebrations commencing in November and running through to Spring.

Year by year these groups ask us how to run Sadie Hawkins Day, and for material to make the party authentic.

We have 3500 SADIE HAWKINS DAY Clubs that we correspond with and service. But these clubs come into being around the Sadie Hawkins period and go out of existence when it's over. Consequently our mailing can't be continual and ef-

## RE Week Finds A Faith To Live By For Many Students

For the first time in the college generation, we have felt the impact of a Religious Emphasis Week. In fact, not HAVE FELT, but are feeling the effect. Contrary to the popular belief that the speakers would visit, deposit their version of a stereotyped religion, and depart from a campus whose indifferent mass neither rejected nor accepted their beliefs, this campus was stirred. From lethargy to concern, from parroting trite expressions to questioning. And that's good!

No one wants a worn out, frayed around the edges, cliché type religion. Just as no one with the slightest smattering of maturity would swallow whose her foundation of a lifetime without first tasting it to make sure of its validity.

The significance of the whole week was not that we were fed a religion, but that little by little, thought after thought, we were lead to form our own personal faith. To us a living, dynamic, realization of truth. Probably to most of us we are still in the process of forming. But as Charlie said, need not ever despair of the questions we face about our faith. Truth is truth eternal and if we think long and hard enough, we face it no matter the route we choose to seek it.

## Playnight Fun!

Do you spend your Saturday nights alone? In your room with nothing but solitude? Or—have you been going to playnight?

Why not put on your most comfortable clothes and hike over to the gym each Saturday night and be a part of the fun and frolic! This is the place you can have fun and relax at the same time. They guarantee no accumulated cobwebs on that physics, literature, or any other book while you are there.

What activities can you participate in? You name them. You've heard about the faculty-student ping pong tournament, the volley ball games, dancing (even you can learn to Charleston), shuffle board, basketball and even fiddlesticks—there are more!

If you really want to have fun, just wait till your dormitory sponsors a play night. The idea is to see which dormitory can put on the most original activity. It is up to you to make it a bang up job.

Till then come over and see what we can all do to whip up a gay time!

fective.

We've hit upon this scheme and need your aid. We believe that the college newspaper is the most natural instrument for the college students to receive information on Sadie Hawkins Day. This is what we'd like, and hope that you see in it a practical service scheme for your newspaper and college.

We are sending you directly several of the packages that tell all about SADIE HAWKINS DAY—the story, the pictures, the materials, the special prize package—all of the things that go into making Sadie Hawkins Day dramatic and attractive.

If you would be custodian of these packages and use them for background, feature or commentary on Sadie Hawkins Day, I'd appreciate it. I think you'll find the material interesting and something that does have a home in the pages of your paper.

THERE IS ONE IMPORTANT FAVOR I MUST ASK OF YOU THIS YEAR—will you, please announce in your paper that Sadie Hawkins Day Material is available at your office, so that any group that wants to have a Sadie Hawkins Day celebration can get the material directly from you.

If you do this, you will have done us a big service, and will have helped the students of your school to get hold of this material directly.

I wish you'd correspond with me and if there is any way that this organization can work with is any way that this organization can work with

Cordially,  
JEROME B. CAPP.

## Sanford Defeated 40 To 36 By Top-Notch Faculty Team

As you all know Bell Hall just beat the stew out of the faculty in volleyball the other week. Well, the Faculty wasn't satisfied so they challenged the mighty Seniors this past Friday afternoon.

To everyone's surprise the Faculty downed the Seniors by a slight margin of 40-36, but no wonder! Who couldn't win with "Lefty" Belswanger, "Totem Pole" Gore, "In the net" Chapin, "Sluggo" Specht and his wife "Set'em up" Fran, "Little bit" Davis, and "10 ponies" Smith all on the same side of the net playing till their tongues hung out.

The mighty seniors were in there plug-in though. If the timekeepers watch hadn't been 3 minutes fast the Seniors would probably have been the "Victors."

"High Point" Burns was the top server for the Seniors with "Crip" Phillips running a close second. Other members of the losing team were: Harvey, Ward, Willis, Pinkston, Knight, Brown, and Jester. Henderson. GOOD LUCK NEXT TIME GIRLS!!!!

WHO WILL BE THE NEXT VICTIMS OF THE POWERFUL FACULTY TEAM????

### VOLLEYBALL INTRAMURALS

Sanford Hall chalked up their second victory this year: the first was the winning of Sports Day and the second was downing the strong Bell Hall No. 2 team in the first game of the Volleyball tournament which got under way last Mon. Oct. 16.

The two teams ran neck and neck throughout the game, but the mighty "Sanfordites" came through in the last few minutes of the game to claim a 38-31 victory over the "Belles" from Bell.

The line-up for Sanford was Bonnell, Pinkston, Willis, Burns, Harvey, Brown, Knight, Ward, and Jester. Henderson, Evans.

The Bell Line-up was Fields, Pettit, Bridges, Patat, Evans, Camp, Dean, Askew and Walker. Terrell Proper will try their luck against the Seniors tomorrow at 4:15. Also on the same agenda will be Bell Hall's No. 1 team facing the winner of yesterday's game between Terrell P and C and Bell Annex.

Let's all come out and help cheer your team on to Victory!!!

### TENNIS CLUB TRYOUTS ANNOUNCED

The President of Tennis Club announced this week that the tryouts for the club will be held on Thursday afternoon at 4:15 if this pretty keeps up, so come on out at 4:15.

Requirements for this club are: 5 out of 10 forehand drives which must land back of the service line.

5 out of 10 backhand drives also in the back court.

5 services in each court.

5 smashes in each court.

The Tennis Club hopes to have a Faculty against Student tennis tournament this quarter. Also during Spring Quarter we will have a Faculty-Student tournament in which the student will pick a member of the Faculty whom she would like to play with. Last year this tournament was a big hit all over campus, so all you girls who are interested come on out on

Thursday. IT ISN'T HARD!!!!

### PENGUIN CLUB

Penguin Club is on its way—proudly announcing new officers and new members.

Louise Brown, President; Mary Quinn Harvey, Vice President; Mary Hanson, Secretary; Sallie Pope, Publicity Chairman.

Future "Penguins" are as follows: Senior Club — Nick Murphy, Mary Brown, Gloria Davis. Junior Club — Mary Alice Clower.

### STELLA AUSTIN MYRA BEAUCHAMP

A Look into Fairy Tales or Penguins in the Future and an exciting Swimming Meet with representatives from all classes are the big high-lights of the 1950-51 Penguin year.

### KAMPERS CLUB IS CALLING YOU

Kampers Klub, in cooperating with Religious Emphasis Week, postponed try-outs until this week. Several people have completed a part of their try-outs and are looking forward to becoming members. The membership is not closed yet, and we would like very much to have you join us.

Our activities are wide and varied. We hike, sleep out, cook out, and do handicraft work. Our meetings are on Thursday afternoon, so you A Capella members can participate in a sports activity with us. We cook out about twice a month. There's nothing like a little singing around the campfire for the ones of you who've been "washing and ironing over a hot fire all day, barefooted, with a briar in you foot and hit a rain- ing!" We also go to the lake, and that alone is reason enough for you to string along with us. You've never really lived until you go to the lake, where we swim, go boat riding, dance, play Canasta, or just lounge around the fire and sing our favorite songs.

This Milledgeville rain doesn't stop us either! We take that time to do handicrafts. Miss Amazing Grace Chapin, our famous advisor, has been in camping several years and is an expert in instruction of beadwork, leatherwork, copper, or anything else you have a hankering to do. We're really a very happy bunch of girls, so won't you come with us Thursday afternoon at 4:15 to Nesbit Woods for try-outs and a cook-out? Pay your 50c to Miss Chapin by Wednesday. Everybody welcome!!

### SKATING PARTY

Do you own a pair of skates? If so, send home for them; if not, save your pennies and buy some!! In the near future we're planning a "jam-up" skating party like you've never experienced before. Skating parties are usually held on Friday night at Gilbert Park, and if you're kinda clumsy on the rollers you need not stay away, because you'll have laughs aplenty watching Rasmus and Tubby Atwood do a three flip spring in the air, landing on their—heads! These

Try staying on campus for the week-end and see how much a part of the school you'll feel. You'll not only hear the latest gossip, but also you'll know your fellow classmates better. There's much fun in store for YOU in the coming weeks, and you're guaranteed not to get bored. Try staying with us, won't you???

### BIKES AND WRAPPERS

Listen, kids, are you taking advantage of our marvelous sports facilities? Do you ever feel the need of "getting away from it all"?—Books that is! We are free to use sports equipment any afternoon. All you do is sign on the dotted line if you want to round up a game of any sort. Bikes may be rented for 15c an hour, and provide a vigorous afternoon of exercise for everyone. The REC Association will accept 15 Blue Horse wrappers instead of money, too, and you can always scrape up enough to ride a while! (not advertising for Blue Horse or anything like that.) If you are one of the less energetic ones of us and have a few extra wrappers, your contribution will be appreciated anyway. We have quite a few already, and with everyone contributing, we may soon have some new equipment. The College Pool is also opened on Monday and Tuesday afternoon from 4:15 - 5:15 and Saturday from 8 - 5, with an experienced lifeguard on hand to pull you out. If we will take advantage of our sports opportunities we'll be healthy and happy and there won't be a prune in the bunch (all dried up, with no life, that is!)

Can you pass this  
Beauty Test?

FREQUENT SHAMPOOING  
MAKES HAIR STRINGY.

TRUE ☐ FALSE ☐

Frequent shampooing with Wildroot Liquid Cream Shampoo, containing Lanolin, tends to make hair fluffy, beautifully soft. Hair appears stringy when dust and grime have dimmed its brightness.

HAIR SHOULD BE SHAMPOOED  
EVERY WEEK.

TRUE ☐ FALSE ☐

Weekly shampoos are a must. Many women with fine, silky or light colored hair clean their hair, gleam their hair with Wildroot Liquid Cream Shampoo at least every five days. Others shampoo before every date for glamorous, kissable hair.

NUMBER OF LATHERS  
DEPENDS ON YOU.

TRUE ☐ FALSE ☐

You can use one or more. First brush the hair thoroughly, then rinse with warm water in order to wet it. Then apply shampoo rubbing it through the hair and into the scalp. Rinse carefully. Then, if necessary, lather again and finally rinse thoroughly for hair that's gleaming bright.

HAIR SHOULD BE  
RUBBED DRY.

TRUE ☐ FALSE ☐

NO! Don't rub, just blot the hair with a heavy bath towel. Rubbing tends to snarl and tangle the locks. Blotting removes moisture just as quickly, leaves hair ready to brush and set. Try blotting your hair after a new Wildroot Liquid Cream Shampoo. For a generous trial supply, free, send this ad with your name and address to Dept. J, Wildroot Co., Inc., Buffalo 11, N.Y.

## The Snooper ---

### Snoops At Senior Dance, Tech Homecoming

You can really call the Snooper the Snooper this time. He has really been A-Snoopin'. This past week-end offered the perfect occasion, what with the Senior Dance, Tech Homecoming, and the rest of the social whirl.

The seniors really did their stuff house for the Homecoming week end. The girls report a good game and party if the scores did turn out bad.

Nona Wofford going to Mercer for the week-end of her third anniversary (pinned to Kappa Sig for third week), and this sounds like for Keeps . . . Gloria Nash oohing and ahing over the Mercer weekend . . .

At the dance—Barbara Johnson and friend Barney getting their toes tickled to some of Harry Frasers faster numbers . . . That cute Phi Delta from Ga. who's tacked to Jane Harty is getting to be an old friend of all the Bell girls . . . They all think he's mighty cute, Jane!

Maureen Miller has just returned from the second week-end in a row at Tech . . . and not even with the same man . . . Rachel Means had a visitor drawn from the

great U. and certainly took good advantage of all the new riding rules.

Mighty strange going's on . . . as the Cadets (?) returned home from the dance . . . didn't look like any bell hop you've ever seen before . . .

Pat Ridgeway is just oggle-eye over a cutie from Clemson . . . and Peggy Grubbs had a late return from Tech Homecoming—4 a.m. . . . where she dated Dick Cotton who's gone ATO. . .

Leave your snoopins in the Colonnade office, till next week, so long . . . The Snooper.

*Everybody's doing it—*

**COMPARE CHESTERFIELD  
WITH ANY OTHER CIGARETTE!**

### BEFORE YOU SMOKE THEM

...you can tell Chesterfields will smoke milder,  
because tobaccos that smell milder smoke milder.

### AFTER YOU SMOKE THEM

...you have no unpleasant after-taste.

**WHILE YOU SMOKE THEM** you get more pleasure than  
any other cigarette can give you—that's why millions of  
smokers say: **THEY SATISFY.**
